

**Minutes of the Whittlesey & District IDB Meeting held on
Tuesday, 27th February 2024 at 2.30 pm @ The Falcon Hotel, Whittlesey**

Present: R Fletcher (Chairman), A Cade, I Stanley, A Wagstaffe, P Tingey, R Brown, J Fountain, H Whittome, M Sweet, S Goodger, Cllr D Laws, Cllr K Mayer, Cllr E Butler, R Price (CEO), A Price

WD17/22. Apologies for absence: T Martin, S Goodger, M Fisher, R Easton, Cllr A Miscandlon, Cllr H Nawaz

a. Declaration of Pecuniary Interest:

- i) Pecuniary interests were declared, and all members agreed to abstain where appropriate.
- ii) The Minutes were read and approved for the meeting of 7th November 2023.

WD18/22. Matters Arising

a. Lowland Agricultural Peat Small Infrastructure Pilot

R Price reported to the Board that they had been successful in their bid to finance 9 new water controls with telemetry across the district. The projects total monetary value is £222,152.70. The project must be completed by the end of March 2025. R Price commented that he would have liked to start the water control installations by now, but the constant rainfall meant that water levels had not subsided enough to start the surveys.

b. Rating Strategy and Mapping

R Price reported that ADA had been approached to take over the DRS system as Phill Camomile had announced his retirement and technical support for the system was ending in March 2025.

A Price had a few more visits on unknown landowners to get the drainage maps in good order to send to the Water Level Management Alliance for digitising.

R Price was instructed by the Board to follow the situation closely and report back once ADA had made its decision.

WD19/22. Operation Engineer

a. R Price ran through the past seasons drainworks programme. Due to the prolonged rainfall the season had been slower than usual.

A Wagstaffe commented that the landowners should be contacted directly to discuss how the weedcuttings should be left on the land prior to the machine's arrival. R Price said that he would endeavour to do this in the future, but it is a very time-consuming task.

b. R Price reported on what had been done to ensure flooding had been avoided after the breakdown of key infrastructure. Hire pumps had been acquired, and 8inch Flygt electric submersibles had been bought to help.

c. R Price gave a review of general repairs that are currently underway within the district. Both pumps at Ramsey Mereside had broken down during the Christmas period, with New Plantation (the other pumping station in the catchment) also breaking down early in the New Year. 5 Weedscreen Cleaners had also broken down during the storms. Suppliers had been contacted to come and quote for the work to repair

WD20/22. General Matters

a. Risk Management & Health & Safety

In 2018/19 the NFU did all the risk assessments. Anything flagged has now been dealt with. This is due to be re-evaluated upon new HSE legislation.

b. i) ADA have been fighting the rising costs Electricity by gathering data from all members to send to DEFRA due to the incredible increases in standing charges on pumping stations. DEFRA are to speak to Ofgem to discuss whether these varying increases are lawful.

ii) Defra had announced that they were making £75 million available to help IDBs recover from the winter. How this is going to be distributed had not yet been decided. The Board welcomed any financial assistance in the highest expenditure year in the history of the IDB.

WD21/22. Payments

The Board considered and approved the payments of Vouchers 92-214 totalling £121,262.33. [viewable at end of minutes]

WD22/22. Income & Expenditure

R Price reported on the current income (£487,881.00) and expenditure (£478,101.00) for 2023/2024. The Board currently was showing to be on course for being over budget due to high electricity useage.

WD23/22. Rates and Levy Requirement

Under Section 37 of the Land Drainage Act 1991, the appropriate proportions in which the net expenditure of the Board must be met for 2023/2024 is:

a.	Agricultural Sector	57.55%
b.	Special Levy issued to Fenland District Council	36.34%
c.	Special Levy issued to Huntingdonshire D C	6.11%

In 23/24 a rate of 1p would raise £21,487.59.

The Whittlesey Board had raised a 20p rate for 2023/2024 fiscal year.

R Price presented the various rate options for 2024/25. When sending his spending forecast to the Councils in December electricity usage was not overly high and the Board had plenty on money in reserves. Therefore, his estimation at the time was now incorrect. With repairs, potentially more wet weather and pumping required R Price had notified the councils that a substantial rate increase would be required.

Following lengthy discussion, R Fletcher noted that the spiralling energy cost and potential repair bills were a frightening prospect for the Board. The rate was set at 28p in the £1.

R Fletcher commented that this would be revaluated next year and adjusted accordingly if the Board was to get aid from Defra.

WD24/22. Date of next meeting

The next dates were set in place. The venue will be The Falcon Hotel, Whittlesey at 2.30pm on 11th June and 19th November, with food to be served afterwards.

WD25/22. Any Other Business

R Price reported back to Cllr E Butler that due to the financial constraints on the Board, installing a Weedscreen Cleaner at Lords Farm Pumping Station was not viable in this financial year. Estimates had come back in at £140,000 to £160,000.

H Whittome commented that the layout on the website is confusing and that the Middle Level Commissioners could not find our rate notifications. The Board instructed R Price to make it clearer as to where thing are.

CLlr D Laws questioned R Price as to the cause of reported flooding in South Green and Grounds Way. R Price responded that whilst the IDB does take water from this area, it is in fact in the Highland water zone. Meaning that whilst the water does make its way through the system, it is not the IDBs responsibility to make sure it gets there.

The Chairman thanked everyone in attendance.

The meeting was called to close at 16.32pm.
